### Annexure I - Response to Pre-Bid Queries

Sl.no	Clause No/Page No.	Amendment/Clarification requested by the bidder	Final Clarification/amendments by the Authority
1	<b>Section: I</b> Letter of Invitation <b>Sl.No: 3</b> The deadline for receipt of your sealed bid is 28/03/2026 by 14:00 Hrs. (IST). Bids will be opened on 28/03/2026 by 14:30 Hrs. All late submissions will be rejected outright. <b>Page: 3</b>	Due Date for submission is very short, and it is march ending.	RFB conditions shall prevail
2	<b>Section II:</b> Instructions to Bidders <b>Sl.no 10</b> Documents comprising the Bid - <b>Point VIII</b> <b>Page: 7</b>	MAF for items such as White Board & Flipchart is not possible to be produced as these usually unbranded items. However quality matching specs will be provided. Hence MAF clause to be removed from these items.  Manufacturer authorization for generic items We also request you to remove the requirement of manufacturer authorization for generic items such as chairs, cabinets, pedestal fans and similar common products. We request that manufacturer authorization be insisted upon only for branded technical equipment such as projector, audio system or other specialized electronic items, and not for standard furniture / utility items.	Kindly refer the Corrigendum Sl. No - 1
3	<b>Section II:</b> Instructions to Bidders <b>Sl.no 10</b> Past Experience - <b>Point VIII</b> <b>Page: 7</b>	For past experience, you have mentioned similar items as “Office Furniture and Fixtures”, whereas Item 1 and Item 2 (namely Projectors and Sound Systems), form a significant portion of the requirement and also require specialized knowledge. We therefore request you to kindly modify this “definition of similar items” to mention Office Furnitures and Fixtures and/or Audio -Visual Equipment.  Reducing the threshold value of INR 27.00 lakhs to a more reasonable level so that wider participation becomes possible; and Considering eligible past supply orders up to the last date of bid submission,	Kindly refer the Corrigendum Sl. 6	<b>Section VII:</b> Schedule of Technical Specifications of Goods. <b>Sl. No: 1 - LCD Projector with Screen</b> <b>Page: 15</b>	<p>Contrast Ratio 100,000:1   This contrast ratio is mismatched - its laser based specification and not for a lambbased projector. Therefore it is requested to change into standard lamp based projector contrast ratio - 25,000:1 or above</p> <p>Refresh Rate 240 Hz   This is gaming based refresh rate not for office use refresh rate. Therefore, it is requested to change into standard office use refresh rate - 60 Hz</p> <p>Power Consumption 180 watts   It's too specific to certain projector OEM only. Therefore, it is requested to change into 180W - 190W. This will encourage more participation in your tender.</p> <p>Dimension 21.2 x 18.09 x 19.48   Kindly requested to remove or make optional this clause all OEMs projectorsize are not same.</p> <p>Warranty: Warranty is not mentioned. Therefore it is requested to be mentioned as Warranty : 2 years projector and 1 year or 1000 hrs lamp. So, that ordinary Chinese company will not participate in this tender.</p> <p>Resolution: 1920 x 1080 FHD or above Contrast Ratio: 1000:1 or above Brightness: 5500 Lumens or above</p>	Kindly refer Corrigendum Sl. No - 3

		<p>Projector specifications You have asked for an XGA (1024×768 pixels) projector with a 1,00,000:1 contrast ratio, which is not possible in a lamp-based projector. Such high contrast ratios are typically available only in laser-based projectors with higher native resolutions starting from WXGA (1280 × 800 pixels). These laser-based projectors are generally very expensive, usually costing at least twice as much as lamp-based projectors. Please therefore clarify whether you want a Lamp based or Laser Based Projector. Also do clarify regarding warranty. Standard warranty for lamp based is (2 years for projector and 1 year or 1000 hrs for lamp) and Warranty for laser models is (3 years for projector and 3 years or 20000 hours on light source). Further, a refresh rate of 240 Hz is typically specified for gaming-grade projectors, whereas the normal refresh rate is 60 Hz. This parameter may therefore kindly be removed, or else 60 Hz may be specified. While XGA lamp-based projectors still have VGA inputs, laser-based projectors are nowadays HDMI-based only. Also, each OEM has its own dimensions for projectors, and we would request you to make this parameter less specific. Instead, you may specify the maximum weight or maximum volume. We therefore request you to kindly specify the minimum parameters accordingly, so that you are able to select from a wider range of offerings meeting your requirements.</p>

		<p><b>Bundling of different categories</b> The tender includes a combination of projector, screen, sound system, furniture items, pedestal fan, extension board, and other products within a single package. This bundling may reduce participation from specialized AV solution providers who may otherwise be fully qualified for the projector and related equipment. We request that you consider splitting the bid into separate logical packages or allowing evaluation based on category-wise compliance where feasible, to enable us participate as we have extensive experience in AV items but minimal orders of other items.</p>
